FUNERALS

A PERSONAL RECORD

My funeral wishes

A few things I would like you to know.

These wishes belong to

A personal record to share
with the people close to me.

You can add to or change your wishes at any time.

Planning Ahead
Should Feel Reassuring

At Bay Tree Funeral Directors, we understand that thinking about your own funeral is never easy. Many families tell us that when wishes have been recorded clearly, it brings comfort, reassurance and guidance during an emotional and difficult time.

This booklet has been created to help you record your wishes clearly, reduce uncertainty for your family and keep your arrangements organised. It is not a prepaid funeral plan, financial product or legal document. It is simply a calm and thoughtful record of your preferences.

- No pressure.
- No ongoing payments.
- No complicated contracts.
- Your wishes can be updated at any time.
